About Our Company

Get to know what our Company is all about

Care Health and Hospitality Services was established and registered by the Ministry of Health in 2020 to offer Home Care Nursing Services, Housekeeping Services, Wellness Program and Medical Tourism to the Tanzanian community and beyond.

We have an exceptional team of experienced professionals and have strategic partnerships with local and international organizations to ensure unparalleled quality delivery in our offerings. Sai's Perfect Plan and Medijourn in India is one such partner that is an industry leader in medical tourism.

Welcome Note

Thank you for taking the time to learn about us. Welcome to Care Health and Hospitality Services, where we specialize in providing comprehensive mental health, wellness, and nursing home services. Our foundation is built upon experience, exemplary service, and superb care. With a deep understanding of the needs of patients, families, and professionals, we are dedicated to meeting your unique requirements.

At Care Health and Hospitality Services, we prioritize your well-being by offering flexible and customizable solutions tailored to your specific needs. Our team is committed to working alongside you, providing the best possible care, and sharing our expertise with you and your loved ones.

We are delighted to have the opportunity to serve you and look forward to collaborating with you to find the optimal solutions that will enhance your mental health, wellness, and overall quality of life. //

Hawa Mwema
CEO

How We Work

Creating Convenience and making your life simple and easy with our professionals. Most of our services are provided at your home or in corporate environments

"Providing wellness programs, and medical support in the comfort of your home."

01 We provide services at homes; houses, appartments, etc.

02 We also provide wellness services at offices and corporate environments.

03 For tourism, we provide services to our client's who travel to abroad in the form of medical tourism

Wellness Program

A preventive, supportive and corrective approach that aims to address lifestyle, habits and beliefs based on a strong understanding of how the body and mind works, which enable us to advise our clients the best course of action to achieve optimal health and wellness.

Corporate Wellness Program

Promotes and encourages a comprehensive approach to employees' health by fostering a health-conscious corporate culture culminated by healthy behavior from individual employees so as to improve their health outcomes which will result in productivity, optimizing human resource investments, and enhancing employee engagement.

Mental Wellbeing

Raises awareness on the importance of mental health as a key component to holistic wellbeing. Promotes the ability of individuals to become fully functioning and valuable contributing members of the community.

Health Risk Assessment

Encourages a preventive habit towards health by conducting regular health checks so as to catch and reverse impending health issues timely, especially those of non-communicable nature as a result of lifestyle that don't exhibit immediate obvious symptoms.

Health and Lifestyle Coaching

Empowers individuals to take leadership of their health and life by replacing bad habits with good ones and reinforcing them for an optimal lifestyle for the rest of their lives, taking ownership of one's health for a better future.

Medical Tourism

Providing assurance and peace of mind to our clients and their families in the event treatment abroad is necessary by facilitating everything to ensure treatment, travel and comfort during their stay including post rehabilitation assistance when back home that can be paired with our Home Care Nursing Services while managing costs. We offer first class medical tourism services as partners with industry leaders Sai's Perfect Plan and MediJourn both based in India.

How We Work

Step 01

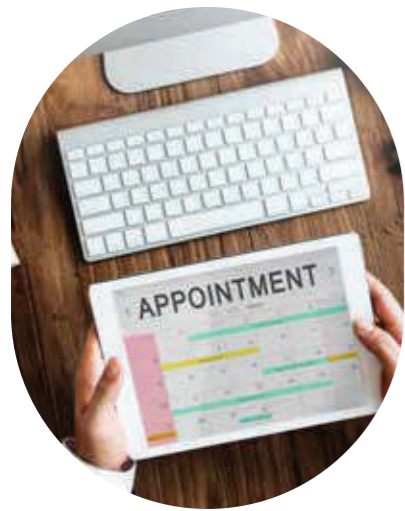

We receive appointments and inquiries through our channels;

- Mobile
- Social Media
- Email
- Website

Step 02

A health and environmental assessment is conducted to determine your needs, then a group of experts together with the family members, strategize the best personalized plan for the patient

Step 03

The plan is implemented, monitored and evaluated to ensure the client's needs are met and the utmost best service delivery.

Clients Feedback & Appreciation

Family A

Thank you for your flexibility with regards to my mother's care. You gave me great comfort in the service provided.

Family B

Our mother had a very difficult year fighting a battle she couldn't win. We are extremely grateful for your help. Many thanks for your kindness and support.

Family C

I really appreciate all you have done for me; it was a pleasure to work with such a great team. CareHealth & Hospitality Services a lovely company to work with. Thank you for everything.

Family D

It's absolutely excellent services. I cannot say enough about the quality of care provided by private Home Care.
